COMMERCIAL INTELLIGENCE

WEDNESDAY EVENING, APRIL 29.

THE London Stock Exchange quotations of yesterday are very irregular. On the one hand, an advance is reported of ⅛ in Consols and 1 per cent. in the Indian 3½ per cent. Sterling Loan; on the other, French Rentes have declined ¼ and 4½ per cent. Rupee Paper ⅝. At the same time, private telegrams we know of, evince much less hope of peace being maintained than formerly, and the feeling here is, if possible, more anxious.

COTTON in Liverpool yesterday was depressed in tone, with a decline of 1-16d. per lb. in Americans, both on the spot and to arrive, and in New York ready Cotton has declined 1-16 cent. futures 10 points.

Here the market has been dull in the extreme with really nothing at all doing for export. Prices may be called nominally Re. 1 to Rs. 2 lower so far as sellers are concerned, but it would require a much more important reduction to bring in buyers.

WHEAT has been very firm, with few sellers but very willing buyers. A large business has been done in Soft White on the basis of Rs. 3-13½ to Rs. 3-14 per cwt., and so strongly do native dealers now believe in a further advance that many of them decline to name selling prices.

SEEDS are firm, but not actually higher.

FREIGHTS are firmer again, although not quotably higher. For outside ports 30s. is the established rate, and Liverpool is firm at 27s. 6d. ready, while a steamer has been fixed for June loading at 28s. We quote :—

	Ready.	Forward.
Liverpool	27s. 6d.	27s. 6d.
Open Charter	28s. 9d. to 30s	28s. 9d. to 30s.
Havre	30s.	30s.
Antwerp	29s. 9d.	29s. 9d.
Marseilles	35s. to 36?s. 6d.	36s. 3d.
Trieste-Venice	35s. to 37s. 6d.	35s. to 37s. 6d.

COALS are strong, especially Cardiff. Yesterday a part cargo of Powell's Duffryn was sold at Rs. 16-2 alongside, and to-day the balance is reported to have changed hands at Rs. 17. Of forward shipment there are practically no sellers.

MONEY.—At the weekly board meeting of the directors of the Bank of Bombay this afternoon a further advance of 1 per cent. was made in rates of discount, making the minimum for loans secured by Government Paper 8 per cent. per annum.

EXCHANGE opened quiet but steady at yesterday's closing quotations. The advance in the Bank of Bombay rate, however, has imparted considerable firmness to the market this afternoon, and we quote an advance of 1-16d., say :—

	per Rupee.
Bank Bills on demand	1s. 7 5-16d.
Do. Telegraphic	1s. 7 7-32d. "
Do. Three months' sight	1s. 7 7-16d. "
Credits " " "	1s. 7 9-16d. "
Francs " " "	2?7½ "

GOVERNMENT Paper is very dull, the result partially of dearer money, but mainly of the warlike views now generally entertained here. Fours have declined to Rs. 92½ sellers, and Fours-and-a-half are nominal at Rs. 107.

The SHARE MARKET has been closed owing to the death of Mr. Kessowjee Naik.

THE meeting convened last evening to consider the formation of a Volunteer Reserve for Bombay was presided over by Lieutenant-Colonel the Hon. L. H. Bayley. About fifty gentlemen attended, mainly associated with the three Volunteer Corps already existing in Bombay. The president having laid before the meeting proposals for Lieutenant-Colonel Rivett-Carnac for the formation of a reserve, it was resolved on the motion of Colonel Sexton, seconded by Mr. L. W. G. Rivett-Carnac, to appoint a committee to take the preliminary steps in the matter. It was strongly urged by Captain Roughton that entrance to the reserve should be subject to the restrictions adopted in Calcutta. His proposal was supported by Mr. W. A. Gilmer, who agreed that these rules were in no degree too stringent to protect the present volunteer corps. This point was, however, left open, and the regulations will be settled by the committee nominated.

IN response to the invitation of the Hon. Rao Saheb V. N. Mandlik, C.S.I., a large number of Europeans and natives met yesterday at his bungalow on Cumballa Hill, at an evening party in honour of the Hon. James Gibbs, C.S.I., who proceeds home by to-morrow's mail-steamer. The grounds and halls were well lighted, and a European band stationed at the entrance discoursed music at intervals. Those who had a taste for native music found much to gratify them in the central hall, where some vocal and instrumental musicians, reputed to possess great skill in the art, were performing for the delectation of their hearers. Mr. Gibbs, on his arrival, was very cordially received by the party. When he left, a garland of flowers was placed round his neck by Mr. Mandlik. The company broke up at a late hour, after enjoying a pleasant evening

HIS HIGHNESS THE GAEKWAR OF BARODA will arrive by a special train at the Grant-road station at 5-30 p.m. to-day. A guard of honour and a cavalry escort will attend, and a salute of 21 guns will be fired to announce His Highness's arrival.

HIS HIGHNESS NAWAB BISMILLA KHAN BABI, of Radhanpore, who returned to Bombay from Mahableshwar on Monday last, leaves the Grant-road station to-day by the passenger train at 1-53 p.m. for Ahmedabad and Kharaghoda, *en route* to his native country. His Highness has offered to place 200 ponies at the disposal of the Bombay Government for service on the frontier, and has thus given a practical proof of his sympathy with the British Government.

INTIMATION that the leave granted to the Duke of Connaught has been cancelled did not reach Government House until yesterday, when the arrangements for his reception were immediately suspended.

LORD W. BERESFORD is mentioned as likely to obtain a cavalry staff appointment in the event of hostilities.

THE net amount of Indian sea and land customs revenue, exclusive of the salt revenue, for the official year 1884-85 was Rs. 98,14,000 as compared with Rs. 1,13,98,000 in the previous year.

IT is said that the Amir, in return for his G.C.S.I., decorated at least one distinguished officer with two Afghan Orders, invented by His Highness in his leisure moments. When the next instalment of his subsidy reaches Kabul, Abdul Rahman intends holding a solemn Chapter of the "Silver Fleece," which is the most popular Order in Afghanistan. The decoration will be a simple rupee.

COLONEL MAHOMED AFZUL KHAN, the British Envoy at Kabul, did not return with the Amir, but is remaining in India to enjoy a well-earned rest after the trying and anxious duties of the last four years. Another Native Envoy will shortly be appointed to the Amir's court.

THE opium revenue returns for the year 1884-85 are now completed. The total actual for Bengal amount to Rs. 6,05,30,295, or Rs. 21,47,755 in excess of the estimate. But the twelve months' pass duty on the exports from Bombay shows a decrease of Rs. 2,02,000 on the estimate, the total amount being Rs. 2,53,78,750. Taking the two Presidencies together, there is thus an advance on the estimate of no less than Rs. 19,45,795, a result which must be regarded as highly satisfactory. It has already been announced that Government has resolved to restrict the sale of Bengal opium in 1886 to 54,000 chests, but the reason for this step is not easy to understand, especially at a time when an increase of revenue is a matter of the most urgent necessity.

THE Indian Association has addressed a letter to the Bengal Government on the subject of the relief operations in the Beerbhoom District. It is represented that the people are suffering greatly in parts of the Rampore Hat sub-division, and that the time has come when Government should make ticcari advances to both zemindars and villagers, to enable them to dig tanks. It is suggested that Government might directly undertake the work by digging new tanks or of deepening existing ones, but, failing this, money free of interest should, it is urged, be advanced to those willing to undertake the work. The Association, however, do not throw any new light on the state of the high-lying districts of Beerbhoom, and there is nothing in their letter to show that they have made any fresh inquiry as to the extent of the alleged scarcity.

AN attempt is to be made to acclimatise the tea plant in Italy. Professor Beccari, who lately visited India for the purpose of acquiring information, is of opinion that there is no reason why it should not succeed if the plants or seeds are brought from a climate similar to that of the Peninsula; and the Government has accordingly sent a large order to Japan. It has for some time been known that tea can be grown in Italy in the open air, and at an agricultural show held at Messina in 1882 more than a hundred plants of *thea sinensis*, three years old, were exhibited. A fair amount of success is also said to have attended some experiments made at Pallanza, in the province of Novara.

THE First Army Corps will move through the Bolan Pass in the following order:—1st Oxfordshire Light Infantry (43rd), now at Rindli. 2nd Manchester Regiment (96th), at Multan. 4th Battalion Rifle Brigade, at Chakrata. 1st Irish Fusiliers, Royal (87th), at Rawal Pindi. King's Own Borderers (25th), at Meerut. King's Royal Rifle Corps (60th), at Peshawar. 2nd Derbyshire Regiment (95th), at Lucknow. 1st Yorkshire Regiment, South (51st), at Dinapore. 2nd Scottish Rifles (90th), at Bareilly. Welsh Fusiliers, Royal (23rd), at Dum-Dum. Warwickshire Regiment, Royal (6th), at Jubbulpore. 2nd Hampshire Regiment (67th), at Secunderabad. The various batteries of Artillery already named as forming part of the First Army Corps will accompany the force at convenient intervals.

THE stoppage of work on the Bengal-Nagpur Railway seems to be causing great hardship in Manbhoom. A correspondent informs a Calcutta paper that thousands of coolies with their families have gone there from outlying districts to obtain work on the line, and will, unless more money is forthcoming very shortly, have to go empty away. It is usual with the people of Manbhoom to go away every cold weather to other districts in search of work, returning with the commencement of the rains; but this year none have gone, as they are looking forward to obtaining work on the line. The stoppage, too, comes at a most critical time, when the stocks of food in the houses of the poor are exhausted, and the bazaar rates are at their highest.

THE agents of the Mysore Gold-mining Company shipped last week to London Rs. 14,000 worth of virgin gold, which brought their total shipment of the precious metal up to the value of a lakh of rupees.

THE *Athenæum* is very glad to learn that "we may shortly expect to receive the first part of the Behari and English dictionary, which has been for some years in preparation by Dr Hoernle, the Philological Secretary of the Bengal Asiatic Society, and Mr. G. A. Grierson, B. C. S. This dictionary will embrace the four principal dialects of the Behari language, viz., the Baiswari, Bhojpuri, Magadhi, and Maithili, the last having a literature dating from the fourteenth century, and so being entitled as the most highly developed to be considered the standard. This work should throw a great deal of new light on the comparative philology of the Gaudian languages. "The two editors are so well known to scholars by their previous labours in this field that we look forward with great interest to the appearance of the work. Every meaning given is to be exemplified as far as possible by some quotation from the literature or some colloquial illustration; and every word will be compared with its cognate forms in the other Gaudian languages, and its derivation attempted from Prakrit, Pali, and Sanskrit."

PANAMA telegrams state that communication across the isthmus remains interrupted, and that there are rumours that looting is going on along the Panama Railway lines. Commander Kane, now at Aspinwall, has telegraphed to the Secretary of the Navy that he holds in custody two of the most prominent insurgents who assisted in firing Aspinwall. He adds:—"I do not think it safe to deliver them to the Colombian officials, who would permit their escape." The property destroyed at Aspinwall is estimated to have been worth 4,000,000 dols. The distress there is extreme, 10,000 persons being homeless.

MR. HENRY IRVING bade farewell to the American stage on April 4. The audience was the largest ever known to have assembled in the Star Theatre, and the enthusiasm was unbounded. Indeed, the general opinion appears to be that it was the greatest reception and farewell ever witnessed in America. The New York press unanimously praise Mr. Irving, Miss Ellen Terry, and the work they have done, and give glowing accounts of the occasion of last night's appearance on the American stage. The *Herald* says:—"After the trial scene the enthusiasm turned into a perfect furore. After Mr. Irving's speech the band played 'Auld Lang Syne.' The curtain rose and fell, rose and fell again a third, fourth, and fifth time, and then the audience slowly and regretfully left the theatre."

HERE is the latest version of an old, old story which has once more been disinterred to go the rounds of the Continental press. A missionary who had been sent out to Greenland had to be recalled, after having lived for a considerable time among the Esquimaux, because he had not made a single convert. On reaching home, he was interrogated by the president of the society as to the reason for his failure. "Sir," he replied, "the natives listened to me with the greatest attention, and would crowd round me in the bitterest cold and the deepest darkness, until I began to speak of the terrors of hell fire which would be prepared for all those who did not give heed to my words. The thought of going to a place where it was always warm affected them differently from what I expected, for the prospect appeared so desirable to the poor creatures trembling with cold that from the same hour they left me and never came back." It is said that another missionary was shortly after sent out by the same society, who was warned to be less explicit in his description of the place of torment awaiting unconverted Greenlanders after death.

CARDINAL LAVIGERIE, who is described as perhaps the greatest living authority on matters connected with the Soudan, recently expressed the following views as to the effects of the success of the Mahdi among the natives of North Africa:—

Ostensibly the Algerians are indifferent to the disturbances in the Soudan. The Arabs take care to conceal their thoughts on the desires of their hearts; but I am certain of this, that they all have, not their eyes, but their ears, turned towards the Soudan. Victory is to them the conclusive demonstration of the divine character and mission of a prophet. Those who have treated the Mahdi as an impostor will believe in him as soon as he is successful in war. Nothing which passes in Egypt can here be regarded with indifference, and the faults or the misfortunes of the English may create a terrible tempest in the whole north of Africa.

To his visitor's question whether the Cardinal expected an insurrection in Algeria as the result of an English reverse in the Soudan, he replied:—

Not in the common sense of the word. The natives of Algeria will not rise. They have no longer the power of doing so, since the great chiefs who headed the revolts in former times have lost their prestige and authority. But the religious communities have inherited the spirit of these chiefs. They are dispersed all over Africa, by them the *mot d'ordre* is circulated, news is spread, and hopes raised. I fear less for our colony than for our civilization in general. There are at present, from the Soudan to the Niger and the Senegal, more than 60 million Mussulmans—that is say, half-savage men, negroes with brutal appetites, to whom Mahomedanism has been an elevation, at the same time the religion which best suits their instincts. Could any one, without misgivings, think of what this mass of men would do if ever they found chiefs and arms? Here, indeed, is a doubtful future.

MISS FORTESCUE has reached a dizzy height in her professional flight. She has been interviewed. The interviewer was a Scotchman. Miss Fortescue, he says, is "one of the most charming women I have ever met. She talks delightfully—affably, brightly, always intelligently, and without the least reserve. She is a thorough lady in everything she says and does. She had not an ill word to say of anybody. Miss Fortescue must not think me impertinent when I say she is very beautiful." "How do you like my dress to-night?" asked the actress. "I think it is sitting very nicely. Do you know, women's clothes are like women themselves. They have their good nights and their bad nights. Sometimes they are bothersome, and get awry, and a pin goes a-missing here and another there, until they are just like—like some cross-grained old people." The conversation then turned to Galatea's character, glancing off to "Shakspearean drama":—

"No," said Miss Fortescue, with an emphatic shake of the head, "I shall never play Juliet as long as Miss Terry is alive. I am quite decided upon that. Of course you've seen Miss Terry play? Isn't she exquisite?—so soft, so tender, and so graceful. I think her Ophelia quite perfect, and as fine a performance as even Shakspeare could have wished to see. I hope Miss Terry won't think me impertinent if she says so, but I believe me I would willingly walk ten miles with the legitimate unboiled peas in my boots for the sake of seeing her Ophelia. You ask me if I do not think of appearing in Shakspearean drama? Yes, I should like to play Romeo, and if I ever return to Glasgow I shall come to play Romeo."

THE NAIGAUM COTTON COMPANY.

THE annual general meeting of the shareholders of the company was held yesterday at No. 27, Meadow-street, Fort. Dr. Dosabhoy Bezonjee presided. The following report of the directors for the year ending 31st December, 1884, was submitted to the meeting:—

"The company has made a net profit of Rs. 5,995-5-11, which, with the balance of last year (Rs. 168-5-4), makes a total account of Rs. 6,161-11-3. The profit made by the company is mostly on 500 old shares. The new machinery ordered out from the amount realised on 500 new shares arrived at the end of the year; consequently no profit was realised from it this year. About 3,000 spindles have arrived, and most of them are now working. The directors recommend, that out of the amount of Rs. 6,161-11-3 a dividend on 1,000 old and new shares be declared at Rs. 5 per share, which will absorb Rs. 5,000; that Rs. 80 be carried to preliminary account, Rs. 300 to depreciation account, Rs. 345 to discount account, and the balance (Rs. 436-11-3), to next year's account.

Resolutions were passed adopting the report, declaring a dividend of Rs. 5 per share, re-electing Dr. Dosabhoy Bezonjee as a director of the company and appointing Messrs. Sorabjee Rustomjee Banshah and Atmaram Balcrishna as auditors on a remuneration of Rs. 50 each.

A vote of thanks was tendered to the chairman, and the meeting dissolved.

Your directors have claimed dividends, &c. and Rs. 13,903 15-8 the balance of last year's account, there remained at the hands of your company Rs. 1,70,084-12-0. From this amount a dividend of Rs. 1,00,000 or Rs. 25 per share on 5,720 shares which absorbed Rs. 85,800, and the sum of Rs. 13,009-6-9 has been written off to the profit and loss account as under:—Rs. 2,362-14-4 for the new machinery ordered from England for the Tardeo Mill; Rs. 5,231-8-8 for a new economiser ordered from England for the Colaba branch to replace the old one; Rs. 500 on account dead stock, Rs. 7809-1. Dadabhoy Nowrojee Society for the Prevention of Cruelty to Animals, Rs. 4,185-6-8. Bad Debt. This leaves a balance of Rs. 71,215-5-3, from which your directors recommended the payment of a dividend of Rs. 10 per each share of Rs. 625 and Rs. 2 per each new share of Rs. 125. This will absorb Rs. 57,200, leaving Rs. 14,015-5-3 to be carried to next year's account. In their report for the year ending 31st December, 1883, the directors informed you of their having written off against the Fire Insurance Fund amongst other items Rs. 12,798-6-11 being Rs. 2,760-11-0 for repairs to weaving shed that was damaged by the fire at the Colaba branch on 10th March, 1882, and Rs. 10,007-11-11 the cost of a new godown built in place of the building burnt down on the 19th May, 1881. The directors also informed you in their report for the year ending 31st December, 1883, of their having written off against the Fire Insurance Fund a further sum of Rs. 8,049-12 incurred towards the erection of a new godown during that year. The sum during this year further written off against the Fire Insurance Fund Rs. 10,922-2 being Rs. 7,080-14-6 incurred since then towards the new godown and Rs. 3,841-3-6 towards repairs to leaky roofs as shown in previous reports. The directors in their said report informed you that cost of the new building then under erection at the Colaba branch and of the new machinery that had been ordered from England would duly be debited to 'account claim recovered' from the underwriters.' The directors have accordingly written off from Rs. 3,27,714-0-6 the amount standing to the credit of this account the sum of Rs. 4,91,015-1-7 being the cost of the new building and machinery during the year which leaves a balance of Rs. 36,568-11-11 to the credit of account claim recovered from the underwriters. Your directors beg to state that the power mill at Tardeo which was found quite insufficient, they have deemed it advisable to dig an additional tank on a piece of ground to the south of the mill which piece of land, together with the building to the west thereof, measuring 4,000 square yards or thereabouts, they have leased from Mr. Nusserwanjee Manockjee Petit for 99 years at Rs. 75 per month. This new tank is being completed and the directors hope will prove a good supply of water to the mill. Your directors regret to state that Mr. Bomanjee Framjee Warden, the Manager of the Company's mills died on 4th May, 1884. The deceased was in the employ of the company for about eight years, and in him the company has lost a zealous and an honest hand. Your directors also regret to inform the shareholders that a crack in the right hand crank shaft of the beam engine of the Tardeo Mill was discovered on 12th March, 1885. This necessitated the disjointing of the hand of the engine on that side, causing a stopage of 17,500 spindles and 250 looms. Your directors consider immediate steps to order out a new shaft and cranks. Your directors beg also to state that looking to the present keen competition among Spinning and Weaving Mills they have decided to make certain improvements in your mill. They have accordingly ordered out a pair of new engines from England from Messrs. Hicks, Hargreaves and Company to be erected near the new extention building where they have decided to shift the present blow room machinery and to fix some new preparatory machinery in the present Blow Room. The insurance that remains on your property is as follows:—Messrs. R. L. Page, W. J. Ellison, Dr. Evans, J. H. Lord, the Hon. Mr. Justice Birdwood, Mr. J. T. Hathornthwaite, Mr. T. F. Punnett, Mr. H. King, with the Rev. R. A. Squires, secretary. Translation referees, Messrs. G. W. Karkari, Rev. G. Ledgard, and Rev. N. Gore.

A vote of thanks to the chairman concluded the proceedings.

SOCIETY FOR PROMOTING CHRISTIAN KNOWLEDGE.

THE annual meeting of this society was held in the vestry of the Cathedral on Tuesday afternoon, the Bishop of Bombay presiding. There were also present:—The Rev. F. L. Sharpin, acting Archdeacon, the Revds. A. G. Lewis, G. H. Lewis, W. J. Ffennell, G. Ledgard, the Squires, R. H. Page, Appajee Bapoojee, J. Henry Lord, J. W. Biscoe, E. H. Beale, C. Gilder, Messrs. A. F. Cox, T. F. Punnett, H. Curjel, and J. R. Duxbury.

The secretary (Rev. C. Gilder) read the subjoined report for the year 1884:—

The Diocesan Committee of the Society for Promoting Christian Knowledge submit their report for the past year. The sum realized by the sale of books and tracts through the depôt is Rs. 3,236-12-1 in the previous year, but the difference is more than covered by an advance of Rs. 500 received in December from the military authorities towards the supply of Bibles and Prayer-books to the different regiments. The purchases made at the depôt for cash payments show an increase of Rs. 129-11-7. The falling off in sales from the usual grants-in-aid accounts, under which head there has been a decrease of Rs. 618-3-0. In addition to works in general and religious literature published by the society, 95 different tracts have been added to the depôt during the year. Bibles and Prayer-books of the value of Rs. 650 have been ordered for Government, and are in course of delivery. The receipts from Church Building Fund amount to Rs. 370-8-0, against Rs. 362-0 in 1883. The Committee, while tendering their thanks to the clergy who have forwarded these collections, express their hope that, as the expenses of the society in Bombay have increased, other congregations besides those who now help may be moved to contribute to its funds. The subscriptions received from the public have been Rs. 967-0-0, or Rs. 44-8-0 less than in the previous year. The usual statement of income and expenditure will be found at the end of the report. The treasurer's accounts for the year ending 31st December, 1884, have been audited by Mr. A. F. Cox for whose kindness the thanks of the Committee are due. The following money grants were made during the year:—The Rev. P. A. Ellis, Ahmednuggur, towards the publication of the "Prakashak", Rs. 120; the Rev. P. A. Ellis, Ahmednugger, towards the purchase of copies of the Old Testament in Marathi, Rs. 25; a grant of books, of the value of Rs. 25 was made to the Cathedral Girls' School to form a nucleus for a library for the children; a small grant of pictures was made to Mrs. Ledgard's Girls' School. The application for a grant towards the expenses of publishing a Marathi translation of Barton's History of the Christian Church has been successful; Rs. 275 have been promised by the Home Society with their usual liberality. The Home Society have also made a grant of picture cards for Sundays and Holy Days, of the value of £10, for use in this diocese. Arrangements are being made to add the Marathi letter-press. During the year, the undermentioned books and tracts in Marathi have been sold at the depôt:—Book of Common Prayer 174, copies, Church Catechism, 30, Tulsi Marriage, 7; Timotheus and Philemon, 1. The Committee having been called to the difficulties and delays which have attended the production of translations of suitable works under the auspices of the society, they desire to express their thanks to the Committee for a grant to enable them to supplement the present system of an honorary Sub-Committee for translations by the appointment of a paid referee who might also be employed as translator. The Committee feel confident that, if they are enabled to carry out his arrangement, this important branch of their work will attain its proper position as an agency for the production of a vernacular literature suitable to the needs of the growing Native Church of this diocese. The depôt was removed in November last from Medows-street to a room in Hornby-row, for which the Committee have to pay a higher monthly rent, namely, Rs. 30. These premises, however, are, for various reasons, unsuitable, especially as being too far removed from the centre of business; and the Committee trust that the society is to prosper, other and early steps must be taken to secure a depôt in some more desirable locality. But, as the receipts from the public in 1884 were not sufficient to cover the salaries of the establishment and the expenses (including rent), the Committee look to the churchmen of the diocese for an increased measure of support in the ensuing year.

It was proposed by Mr. T. F. Punnett, seconded by the Rev. C. A. Lewis, and carried, That the report be adopted.

That the undermentioned gentlemen are declared to have been elected as the Select Committee for the unexpired portion of the year:—G. Lewis, J. Squires, R. L. Page, W. J. Ellison, Dr. Evans, J. H. Lord, the Hon. Mr. Justice Birdwood, Mr. J. T. Hathornthwaite, Mr. T. F. Punnett, Mr. H. Curjel, Mr. A. F. Cox, Mr. J. R. Duxbury, with the Rev. C. Gilder as secretary. Ex-officio members.—The Right Rev. the Bishop and the Ven'ble the Archdeacon.

Proposed by Mr. R. Duxbury, seconded by Mr. A. F. Cox, and carried, that the Sub-Committee for Translations be composed as follows:—Colonel G. A Jacob, Rev. Appajee Bapoojee, Rev. N. Gore, Rev. C. King, with the Rev. R. A. Squires, secretary. Translation referees, Messrs. G. W. Karkari, Rev. G. Ledgard, and Rev. N. Gore.

Proposed by the Right Rev. the Bishop, seconded by the Rev. W. J. Fiennell, and carried, that the Rev. F. L. Sharpin, acting Archdeacon, the Rev. A. Squires, and the secretary (Rev. C. Gilder) be the Sub-Committee for purposes of rule 20.

A vote of thanks to the chairman concluded the proceedings.

This is the Transport Department. The whole of the transport arrangements for the vast mass of troops at Rawal Pindi were under the management of Major Egan, ably assisted by Lieutenants Lee and Causland, and under the direct control of Colonel Low, the head of the Department. It is no small praise to be able to say, of the labours of these officers, that no hitch occurred throughout the camp, and not a single complaint was made, from the time of the arrival of the first to the departure of the last batch of troops, which left Rawal Pindi on the 20th instant.—*Civil and Military Gazette.*

"THE PIANOS FOR INDIA."

The experience of nearly thirty years proves that

S. ROSE AND CO'S SYMPATHETIC GRAND SQUARE PIANO

is, par excellence, the best suited for the climate of India.

WE GUARANTEE EACH PIANO. { "This piano was awarded a first-class certificate and medal of the Calcutta Exhibition." } WE GUARANTEE EACH PIANO.

S. ROSE & Co., have supplied many hundreds of their noted Sympathetic Grand Square Pianofortes to residents in all parts of India. No one instance has occurred of a "Sympathetic" having given way ; of course the action and mechanism will wear ; but S. ROSE & Co., have seen "Sympathetics" which, after twenty years' use, have, after the entire action has been renewed, been as rich and beautiful in tone as when quite new.

All parts of the instrument have been studiously cared for in the manufacture ; the external case being of solid mahogany, with ornamental fret work at the openings. In regard to tone and touch it is a first-rate instrument.

The term "Sympathetic" was first used to designate the character of tone. The term has been made use of by others without scruple, and many purchasers have paid for "Sympathetics" of a most doubtful quality, and which are not entitled to the name ; but are merely inferior imitations.

Cash price, in solid Mahogany Case ... ... Rs 850
" " in solid Ebonized " ... ... " 900

S. ROSE & Co., have adopted the "One-Year Purchase-System' for the sale of their sympathetic' Grand Square Pianofortes ;—full particulars on application.

CHOLERA

SUCCESSFULLY TREATED BY THE USE OF

COTTER'S CHOLERA PILLS.

Now that the frightful ravages of cholera is the subject of controversy among our eminent Medical and Sanitary authorities, it behoves us to look to ourselves, and to seek the knowledge of a faithful reliable medicine, which, while being thoroughly efficacious, will also come within the reach of the means of everyone.

COTTER'S CHOLERA PILLS ! ! !

Have obtained a reputation which, if it was more generally known, would prove an eminent blessing to thousands of sufferers. The present holder has obtained the sole proprietary right from Mr. Cotter, and the cause of humanity demands, undeniably, that the public should be made fully cognizant of a remedy so easy of access.

COTTER'S CHOLERA PILLS

Surpass any other medicine in the world for efficacy of properties, and several have derived great material benefit from a medicine which has only to be tried to recommend itself, even to sceptics in matters medicinal. In every fact, Cotter's Pills are miraculous in their effects, and will eventually prove their many advantages in theface of any other choleraic preventive.
